Title should be concised and typed in **single column** Times New Roman 14 Bold
Name, Affiliation Times New Roman 12 and italic

Abstract should be in single column and indicate the significant findings with data / data-range and conclusions of the paper. Times New Roman 12. **The abstract should be written on one page and separate from the rest of the paper.**

Keywords should be in single column and adequately index the subject matter. Times New Roman 12

Text proper should be typed in single column and subdivided into sections: Introduction, Materials and Methods, Results and Discussion, Acknowledgements and References/Bibliographies. The title of each section Times New Roman 12 Bold. Subtitle Times New Roman 12 Italic.

Introduction (Times New Roman 12) should include precisely the aims of the study. It should be as concise as possible with no sub headings. Exhaustive reviewing of literature should be avoided, only necessary and latest ones which are required to indicate the reason for the research undertaken and the essential background should be given.

Materials and Methods (Times New Roman 12) should be sufficiently detailed to enable the experiments to be reproduced. The techniques and methodology adopted should be supported with standard references.

Results and Discussion (Times New Roman 12) should be either combined or separated. Results may be split into sub headings. Data emerging out from the study should be included, arranged in the unified and coherent sequence and should be statistically analyzed. The same data should not be presented both in Tabular and Graphic forms. Only necessary tables and figures should be given. Long confused and irrelevant discussion should be scrupulously avoided. It should deal with interpretations and the conclusions drawn, based on results and supported by relevant references. Repetition of data, statements and expressions should be curtailed.

Acknowledgement (Times New Roman 12) should include the names of those who contributed substantially to the work described in the manuscript but do not fulfill the requirements for the authorship. It should also include sponsorer / funding agency of the project of which the work described is a part.

References/Bibliographies (Times New Roman 10) should be cited in the Text by the surname of the author(s), and the year. In case of more than two authors, surname of the first author followed by et al., and the year should be cited in the text. References in languages other than English must be referred to by an English translation.

In the list of references/bibliographies at the end of the paper, full and complete references/bibliographies should be given in the following style and punctuation, arranged alphabetically by first author's surname.
